EDUCATION

Sardar Patel Institute of Technology (SPIT)

Bachelor of Technology in Computer Science and Engineering, Grade: 8.10 CGPA

Andheri, Mumbai

2022 – 2026

Vivekanand Education Society

HSC: Science, Grade: 90.2%

Chembur, Mumbai

2020 – 2022

EXPERIENCE

Lead Web Developer Intern

KothariTech Pvt Ltd

June 24 – Aug 24

CST, Mumbai

- Developed and delivered a production-ready seller site using React and Redux within one month.
- Integrated and displayed API data on the frontend, ensuring seamless communication with the backend.
- Coordinated with the developer interns to ensure smooth project execution and timely delivery.

Web Development Intern

Cognifyz Technologies

March 24 – April 24

Nagpur, Maharashtra

- Contributed to multiple projects as a frontend developer at Cognifyz Technologies, like creation of landing pages.
- Leveraged expertise in CSS and JavaScript to develop visually appealing and responsive UIs.
- Demonstrated strong problem-solving skills and attention to detail in UI development and project execution.

PROJECTS

Lofaz Sellers | *Mongo, Express, React, Node, Docker, Vercel, AWS*

- Developed Web Lofaz, a robust e-commerce platform similar to Shopify, offering comprehensive solutions for product management, order handling, and sales analytics.
- Implemented comprehensive features for managing product listings, orders, shipping, and delivery logistics.
- Managed version control through GitLab, ensuring smooth project collaboration and version tracking.

SplitIt- An opensource to SplitWise | *Python, Flask, Vanilla JS, Tailwind, MySQL, Xampp, Git, PWA*

- Developed SplitIt, a Progressive Web App (PWA) for seamless expense management, supporting both unequal and equal splitting of costs
- Integrated Stripe for secure 2D payment processing and provided detailed charts for comprehensive expense analysis.

PetSmart | *Mongo, Node, Express, Vanilla JS, Tailwind, Git*

- Designed and developed a swipeable interface for PetSmart, with features like effective pet care and management, ensuring ease of access and efficient handling of pet-related tasks.
- Integrated functionalities including adoption management, QR code generation for pet information, geolocator, vet appointment booking, pet location tracking.
